

Calling all e-Communication Academy families, we need your help! This year, district budget cuts went into effect that significantly impact our Academy budget. In response, e-Comm launched a new Innovator Donor Recognition campaign to help. We are asking all e-Comm families to consider donating \$50 or more to our Academy per year to help maintain the quality programs and equipment our students and families expect. All funds will go toward student experiences and events, including purchasing software and equipment across strands, in-state and out-of-state field trips for real-world experiences, community-building socials, eImagine, Senior Show, broadcast news events, Feature Film nights at AMC and Boulevard Drive-in, and more.

To make a donation, please fill out the form linked below and access the OPS TouchBase portal to pay \$50, \$100, or more! The QR codes below link directly to the pages.
